

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your
hair and double
its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The "Danderine" glistens, tints and colors are again in your hair. "Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the same Gold Medal on every box and accept no imitation.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when resting; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

YOUNG HINDOO ASKS FOR INDIAN VOTES

LONDON, Jan. 7.—Miss Mitthilal Tata, a young Indian graduate of Bonhams university, is coming to England with her mother, Mrs. Merabai Tata, to ask for the inclusion of women in the new franchise scheme for India. Mrs. Tata represents Bombay women and 45 branches of the Indian Women's association.

Because they arrived too late to give evidence before the parliamentary committee on Indian affairs their full statement is being published as an appendix to the report.

"We feel that this is the great chance for Indian women to obtain the franchise," says Miss Mitthilal Tata. "Postpone the measure now and it means that we shall be actually driven backward, and barriers will have been raised in the way of our progress which will with difficulty be surmounted." She does not say that all women should be enfranchised, but only that those who have the same qualifications as men should have the same right, and she wants the Indian women to have the education that comes with the possession of responsibility.

"We feel very strongly," she adds, "that if differentiation is made now between the sexes it will be much more difficult to get back to the opportunities that exist today."

DEMOCRATS WILL NOMINATE TICKET IN APRIL PRIMARY

Executive Committee Will
Meet Within Week to Ar-
range for Nominations of
All Candidates.

The Democrats of Shelby county will have a complete county ticket in the field in the August election for every office to be filled at that time. As 1932 is a presidential year, more interest than usual will probably be shown in the next county election as the results then will indicate to some extent how Shelby county will vote in November.

The women, having only a partial franchise owing to the inhibitions of the state constitution, can not vote for county officials, but will have a chance to vote again for presidential electors next November. But they may take an active part to some extent in the county election even at that.

The Democratic county executive committee will be called to meet one day next week, for the purpose of arranging for a county primary for the nomination of candidates for the county offices to be filled next August.

R. S. Bryan, chairman of the committee, will issue the call for the meeting within the next few days.

It is probable that the primary will be called for about April 6, with a run off, if one should be necessary, April 15.

The offices to be filled next August are those of county trustee, sheriff, state and county tax assessor, two members of the county board of education and the constables from the various districts. Judge J. M. Guthrie of the probate court, is holding the office also until the next regular election, and that office will be included in the call for a Democratic primary.

It is certain that E. H. Crump will be a candidate for re-election. So also will Sheriff Perry, who has only served one term.

W. T. Condon, tax assessor, will be opposed by Dave Wells, who is at present city paymaster and purchasing agent. Dave has been doing some quiet canvassing among his friends and has received so many assurances of support that he is certain to enter the race and will of course be a candidate before the primary.

Whether Squire Condon will enter the primary or not is an open question. But if the field will be open to all Democrats for any of the offices.

The county committee has usually in the past in calling a primary appointed a committee to have charge of it with full authority, in case but one candidate qualified for nomination to any of the offices. The Democratic committee without the necessity of running in the primary, and if it appeared that there was only one candidate for each of the offices to be filled, all were declared the nominees and the primary was then called off.

The members of the Democratic county committee may be elected in the proposed April primary or the committee may decide to have the committee elected in a primary which will be held some time in the fall when the nominations of candidates for the general assembly are made.

CLYDE DIXON, FORMER RUMRAIDER, OFF FORCE

Clyde Dixon, who for several months has worked in plain clothes as a police runner, tendered his resignation Wednesday morning to Police Chief Joe Burney. It was accepted.

Dixon made a splendid record while on the department, both in the liquor and general detective work. He has accepted a position with the Mammoth garage.

Orders from the war department to under a full outfit at each meeting are construed by local officers to mean that the department desires and intends to secure the highest amount of efficiency from all national guard units. The department, an officer declared, can not in case of disorder, when troops are called out, fully discharge its duties unless at the best point of efficiency, gained only by full training at every drill.

No exact date has been set for the return of the local companies to the old militia armory at Washington avenue and Main street, according to Capt. Waldauer. Some technical point in leaving is temporarily holding up the move. However, he says, the guards will desert the present quarters on South Second street within a week or 10 days.

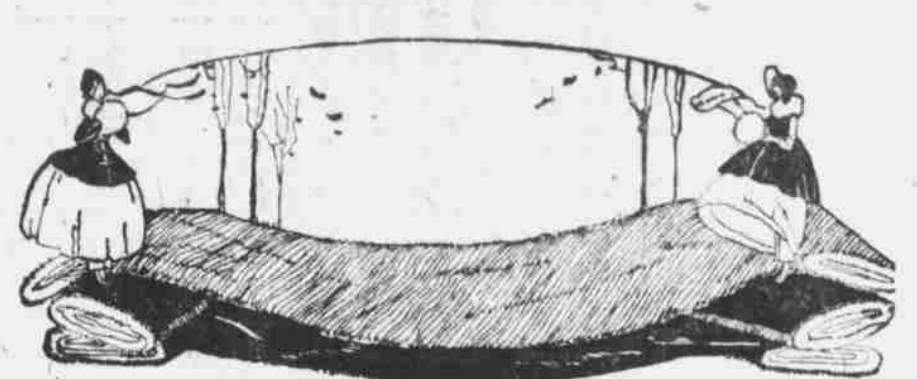

When the Washington avenue armory is officially opened Gov. A. H. Roberts and Adj. Gen. Baxter Sweeney will be among the visitors. An elaborate program is being arranged for the opening. New uniforms will be issued to the men prior to occupancy of new quarters. Company I will receive old outfits Wednesday night. Company M men, Capt. Calligan and members of efficiency quarters company, under command of Capt. A. C. Parker, will turn in equipment next Tuesday night.

Captains of several local units have been investigating reports that some Memphis business houses and organizations were discouraging guard enlist-
